

S.S.S. REMOVES THE CAUSE OF CATARRH

S.S.S. cures Catarrh by removing the cause from the blood. It so thoroughly purifies the circulation that there is nothing left to inflame and irritate the mucous linings of the body, which is the most prominent and dangerous effect of Catarrh. As long as the mucous membranes and tissues are kept in a state of inflammation and irritation by an impure and infected condition of the circulation, Catarrh will remain. Its disagreeable symptoms of ringing noises in the ears, mucous dripping back into the throat, headaches, watery eyes, difficult breathing, and even stomach disorders and weakened health, cannot be permanently relieved until the blood is purified. Local applications alone can have no real curative value, because such treatment does not reach the blood. Sprays, inhalations, lotions, etc., are valuable only for their cleansing and antiseptic effect, but if depended on alone Catarrh sufferers will find a cure impossible. Nothing equals S.S.S. for curing Catarrh. It goes down into the circulation, gets at the root of the trouble, and removes every particle of catarrhal matter from the blood and enriches this vital fluid so that instead of irritating the different mucous portions of the body, it nourishes them with rich, health-giving properties. Then the symptoms begin to pass away, and Catarrh is permanently cured. Book on Catarrh and any medical advice free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

The Evening Sun's Daily Markets.

Livestock.

Louisville, Ky., Jan. 25.—Cattle—Receipts exceptionally light, only 1,338 head. There was a fairly good attendance of buyers here, yet, owing to the lower condition of other markets and the agitation of the meat business, trade was rather slow. Desirable butcher cattle were the best sellers, at about steady prices; some thought a few early sales were a little better; medium and common butcher stock dull to shade lower; heavy butcher sters neglected. Good demand for high-grade feeders and good stock cattle at steady prices; common and plain feeders and stockers dull. Bulls firm; canners and cutters slow and draggy. Milch cows unchanged; feeling easy to shade lower on heavy steers. Pigs fairly well cleared by reason of light supply; market closed slow.

Cattle—Receipts 87; the market ruled firm; best 8@8½c; medium, 5@7½c; common, 2½@5c.

Hogs—Receipts 3,200; market slow, weak and low; selected, 165 lbs. and up, selling at \$8.45; 130 to 160 lbs. \$8.25; pigs \$7.15 to \$7.90; roughs, \$7.80 down; closed slow, with only a fair clearance made.

Sheep and Lambs—Receipts 111; market firm on good fat sheep and choice lambs; best sheep 3½@4c; best lambs 5½@6½c; common sheep and trashy cull lambs slow sale.

St. Louis—Cattle—Receipts 5,500 including 2,500 Texans; market steady to 10c lower; native beef steers \$3.90@7.90; cows and heifers \$3.10@5.95; stockers and feeders \$3.25@5.15; Texas and Indian steers \$3.90@5.55; cows and heifers \$3.40@4.40; calves in carload lots \$6.50@8.70. Hogs—Receipts 7,500; market 5@10c lower; pigs and lights \$6.50@8.35; packers \$8.15@8.40; butchers and best heavy \$8.30@8.65. Sheep—Receipts 2,000; market 10c lower; native muttons \$4.75@6; lambs \$7@8.70.

Hopkinsville Tobacco. Hopkinsville, Ky., Jan. 25.—Last week was one of the busiest seasons ever known on this tobacco market.

LOWER WHEAT FOR LAST WEEK

MARKET DECLINES FROM ON-SLAUGHT OF BEARS.

Bulls on Defensive for the First Time in Month; Corn Also Fluctuated.

PROVISIONS ARE HOLDING FIRM.

Chicago, Jan. 25.—Bulls in the wheat pit showed rather a retiring disposition early last week and did not regain their nerve until Thursday. Meanwhile the bears and short sellers became more aggressive and sold vigorously enough to dislodge a great many tired or disgusted longs and put new buyers on the defensive. Larger receipts, increasing stocks and hedging sales by millers were the bearish features that made themselves effective.

The hedging sales against cash wheat or flour practically lacking in the wheat market for a year reappeared in a mild way on Tuesday and in the event of a further let up in the cash demand with continued liberal receipts hedging sales will probably be an increasing factor for some time to come. Milling owners of high-priced wheat were getting a little uneasy because of the extreme weakness prevailing and were putting an anchor out for protection. The reason for the lack of hedging heretofore has been obvious. Cash wheat has been at a premium over future delivery. Hedging sales could therefore be made only at a loss. Cash premiums still continue, but the grade is fearful that if receipts continue as large as at present these premiums will fade away very fast.

Bears Finally Forced to Cover. The bears followed the declining market with vigorous selling but as usual overdid the thing late in the week, being forced to cover on a late bulge. Up to Thursday wheat had declined over 6 cents from the recent high point, and as a result farmers' sales fell off very sharply. The decline also stimulated to some extent the buying by country millers. The latter were bidding better prices at mill door on Thursday than could be secured at principal market centers.

It was on Thursday that the bulls began to regain their nerve and started actively on the buying side. Evidence of a more settled situation in financial and cotton circles imparted more confidence to the grain trade. The decline in the Bank of England discount rate was also a decided help in this direction. There was nothing in the actual demand for cash wheat, however, or the immediate receipts at primary centers to give the owners of wheat any special encouragement. There was promise, however, of favorable changes. Quite a number shared the belief that the big run of wheat to northwestern markets was only temporary and was due to the fine weather and better railway situation. Interior mills were also paying better prices for cash wheat to farmers, thus holding out the belief that comparatively little

ECZEMA ON HANDS FOR TEN YEARS

Were Raw All Over and the Humor was Spreading to Body and Limbs—Professional Treatment did No Good—Daughter had Eczema, Too.

CUTICURA A SUCCESS IN BOTH THESE CASES

"I had eczema on my hands for ten years. At first it would break out only in winter. Then it finally came to stay. I had three good doctors to do all they could but none of them did any good. I then used one box of Cuticura Ointment and three bottles of Cuticura Resolvent and was completely cured. My hands were raw all over, inside and out, and the eczema was spreading all over my body and limbs. Before I had used one bottle of Cuticura Resolvent, together with the Cuticura Ointment, my sores were nearly healed over, and by the time I had used the third bottle, I was entirely well. I had a good appetite and was fatter than I ever was. To any one who has any skin or blood disease I would honestly advise them to fool with nothing else, but to get Cuticura and get well. My hands, cured by the use of Cuticura, have never given me the least bit of trouble up to now. I cannot recommend Cuticura highly enough, it has done me and my family so much good. My daughter's hands this summer became perfectly raw with eczema. She could get nothing that would do them any good until she tried Cuticura. She used two bottles of Cuticura Resolvent and one box of Cuticura Ointment and in two weeks they were entirely cured. I have used Cuticura for other members of my family and it always proved successful. I recommend it to any one with eczema. After it once used it won't need use anything else. Mrs. M. E. Falin, Speers Ferry, Va., Oct. 19, 1909."

KEEPING THE HAIR

To prevent dry, thin and falling hair; remove dandruff; delay itching and irritation, and promote the growth and beauty of the hair, frequent washings with Cuticura Soap and occasional dressings with Cuticura are usually effective when all other methods fail. Special and full directions accompany each package of Cuticura.

ASK YOUR NEIGHBORS

And you will generally find that they know of more good, intelligent people, those of good sense and discernment in your vicinity who have been cured by Dr. Pierce's World-famed Family Medicines than by all other proprietary medicines. They have been making these cures right along for over forty years and altogether likely you will easily find people all about you who will be only too glad to say a good word for them. These old reliable curatives are not exploited or urged upon the afflicted by extravagant and false promises but have a record of real, genuine cures to sustain them.

Among women Dr. Pierce's Favorite Prescription is truly a favorite by reason of its remarkable cures which, for over forty years by far exceed those which can be credited to any medicine extant. By a little inquiry you will no doubt find some of these cured and grateful cases in your immediate neighborhood, for they are to be met with practically EVERYWHERE. They are Dr. Pierce's best advertisements. Seek their advice if you are a poor despondent over-burdened broken down, weak, or pain-wracked woman, suffering from some derangement or weakness incident to your sex.

The People's Common Sense Medical Adviser in plain English, by R. V. Pierce, M. D., (new fully revised up-to-date edition) gives all particulars which women need to know about their peculiar functions and how to correct ordinary derangements and weaknesses. FARMERS' UNION

BOARD MEETING OF THE EXCHANGE IS HELD.

Delegates Leave Today for Washington to Attend National Congress.

A board meeting of the Farmers' Union exchange house of Paducah was held here. The directors discussed the prospects for marketing fruits and other perishable farm products. A successful season is anticipated. Last year the house met with success despite the fact that it was operated on a small scale. This year it is expected to handle a large business.

The Rev. John Grady, a member of the national and chairman of the state board of the Farmers' Union and M. B. Tapp, secretary of the state board of the Farmers' Union, will leave today at noon for Washington, where they will attend a meeting of the national legislative committee and assist the national board. The committee will meet January 27 and remain in session until February 17.
